## **HeadMaster Online Registration**

Our teachers are dedicated to providing your child(ren) with the best education possible. We recognize the importance of good parent/teacher communication as we work together for the spiritual and academic growth of each student. In order to provide better communication for our families, we have implemented an online communication system. With HeadMaster Online, parents and students can access up-to-date information pertaining to the student's progress, current grades, homework assignments, and any academic or discipline matters. From time-to-time, we also send mass e-mailing to notify/remind our families of school matters and upcoming events. Note: Please also check, [www.necacademy.org](http://www.necacademy.org), our school's website, for up-to-date calendar and event information.

In order to establish a HeadMaster Online account for you and your child(ren), please provide your e-mail information below and return this form to the homeroom teacher or the school office. We will provide you with the website, a user name, and password once we have received this form. You may contact the school office with any questions or if you are having any difficulties accessing the account or retrieving information.
