January, 2010

We are delighted to welcome you to enroll your student(s) for the 2010-2011 school year. Key motivations to enroll at New England Christian Academy are the distinctives of a Christian school environment. Among them are:

- Caring Christian teachers who are excellent role models. Luke 6:40 says, "A student who is fully trained will be like his teacher."
- Associating with Christian friends.
- Christ-centered instruction in which the Bible is at the heart of the curriculum.
- Emphasis that each child has been uniquely created by God and has a special purpose.
- A daily Bible class and regular Chapel services.

We are constantly seeking to improve academics at N.E.C.A. Just this year we made several changes to improve our school such as:

- Critical thinking curriculum
- Pre-K -4th Grade Supervisor
- Full time Physical Education teacher
- Expansion of our sports program

This year, after much prayer and consulting with Alan Graustein of A.C.S.I (Association of Christian Schools International), we feel that the Lord is leading us to pursue accreditation for our school. This process involves ten standards that will help us to improve our school in the following areas:

- Curriculum development
- Additional facilities
- Staff professional development
- Records management

All of this involves cost, and this process, as well as the rising cost of materials and have made it necessary to increase the annual tuition by \$300.00 per year, per child.

We feel that we must exercise good stewardship as we move forward, and believe that the mutual sacrifice of parents and staff will result in making N.E.C.A. a school that will continually offer greater educational opportunities to our children as we equip them spiritually, emotionally and academically for the future.

Comprehensive enrollment information may be found on the enclosed Enrollment Information page.

We sincerely thank you for the continued support of New England Christian Academy.
